Peter Barnett. Planning Team/Development Management Section

Dear Mr Barnett

Planning Application: AWDM/0882/21

125 Old Fort Road Shoreham-by-Sea BN43 5HB

Objection under heading: Overlooking, loss of privacy and light.

We object to the above planning application on the following grounds:

- 125 Old Fort Road backs onto our property and has a small back garden which means that the house is quite close to our property. The proposed conversion will result in a significantly adverse impact on our privacy as it will provide a direct unrestricted view into our living room and overlook our garden; and
- Our property lies on an approximate East/West axis meaning that throughout the majority of the day, light enters from the south. 125 Old Fort Road lies south of our living room windows which means that the proposed extension will significantly reduce the amount of light that we currently enjoy.

We would appreciate acknowledgement of this email.

Yours sincerely

Charles and Anna Cushing

1 Feversham Close, Shoreham By Sea, West Sussex. BN43 5HD.
