Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	The proposed 2 storey extension includes a new double (clear glazed) window in the original part of the western elevation at ground floor level which directly overlooks our property - especially our glazed back door and kitchen/dining room windows The proposed window is an addition to the previously refused 2 storey extension When the properties in this area were originally built (as per number 26, 24 and 22) due consideration was given to neighbours in adjacent properties by having no overlooking windows at ground floor level on the western elevations I see no good reason to encourage relaxation of this considerate policy

Kind regards
