Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Overdevelopment - Privacy Light and Noise
Comments:	I am writing to object to the proposed application. The new plan is virtually unchanged from the previous two, and is seriously attempting to overdevelop the site. The design means I will be very overlooked and will suffer a loss light and privacy. It may have been reduced slightly from the previous plans, but is much too large for the plot. To take it from a single to a full double storey building will dominate the space. The balcony may no longer be shown, but the double width full height doors still give access to the flat roof which is directly in line with my house and garden.

Kind regards
