I would like to register my objection to the above proposed planning application.

The area in question is within the cherished GORING Gap and is a tranquil and peaceful area visited by local residents and many people from outside the area for walking and taking in the clean sea air. The last thing needed is commercialisation of the area which would clearly not be in keeping with the adjacent environment. I also consider any development would be counter to the Local Plan which acknowledges that the area is a community space with fields and trees for the enjoyment of all.

The unobstructed view from the sea to the Ilex and South Downs beyond is a cherished vista which must be protected. Any development would start a creeping process which will ultimately cause the loss of this whole area. I trust that the Authorities Planning Officers will refuse this application accordingly.

Kind regards,

Paul Hayman
