Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Privacy Light and Noise - Trees and Landscaping
Comments:	I wish to object to planning application number AWD/0737/26 on the basis that: - This land should not be developed but left, as per the local plan, for local wildlife, the flourishing of biodiversity and natural beauty. - It is inevitable that the proposed development will produce noise pollution and be an eyesore in an otherwise beautiful seafront. What appears to be an unlawful temporary development is already on the site which indicates disregard for this planning process and local consultation. - Entry and exit to the site would be dangerous to all and produce congestion in a zone already challenging on hot days. - This land should remain available for the purpose of much needed agriculture.

Kind regards
