Reasons for comment:	- Design - Privacy Light and Noise - Trees and Landscaping
Comments:	Dear Hannah Barker, After looking at these plans again I feel mentally upset with them. When approaching or exiting the new door leading into the neighbours garage one can look into my kitchen window and door which is where my sink is. It will be eye to eye contact. Unlike its current location to the side.

The extension again we will be looking on to a brick and glass wall. The balcony is going to take the view away of the tops of trees which we have now as we cannot view into our neighbours garden.

The houses in this area have been thoughtful built with privacy in mind.

My other concern if new neighbour's buy the house they could take the higher glass balustrades down and we will have no say in the matter.

Thank you for reading my concerns on this matter.

Yours Sincerely

Mrs Carole Wootton

Kind regards
