Property address: 2 Market Place, Worthing, BN147JP.

The tree TPO title: TPO No.6 of 2022 2 Market Place Worthing (Planning TPO Register - TPO Details)

We have one Oak tree and one Maple tree in our garden. Currently we do not get any sunlight on the garden during the day as the trees have grown and become very dense.

We would like to reduce the density of the trees and cut back growth that has occurred since it was last cut to allow sun light through. Proposed work:

- Reductions – 3.0m
- Thinning – 10% density reduction

Photograph below shows minimal light reaches the garden during the day.

Photograph below shows density of the trees
