**Address:** 114 Beach Green Shoreham Beach Shoreham by Sea

## Comments Details

**Commenter Type:** Member of the Public

**Stance:** Customer objects to the Planning Application

**Reasons for comment:**
- Overdevelopment
- Privacy Light and Noise

**Comments:** I would like to take this opportunity to offer my strong objection to the proposed 12 collection lockers at 151 Brighton Road, Shoreham by Sea, reference AWDM/1077/14. I have lived on Shoreham Beach for 61 years and for far too long developers have ridden rough shod over the considerations of a very special, precious and fragile environment. The constant flow of traffic on the A259 and the vehicles using the garage already cause more than enough intrusive noise and light pollution. I dread to think what effect the 24/7 rattling and banging or storage lockers, revving of vehicle engines, mechanical hum of freezer compressors, banging car doors, voices and music from car occupants collecting goods and even more security lighting will have on the quality of life of those of us living in the environs of the garage. We on Shoreham Beach have a treasured quality of life when it comes to security and we pride ourselves on a low crime rate. I dread to think what a magnet for criminal elements the goods stored in the lockers will be, and also a place for them to congregate. I am extremely angry that commercial

concerns want to further contaminate this corner of Shoreham Beach with absolutely no benefit for the residents. I am also concerned that the installation of the lockers will be the thin of the wedge for further industrial development which will have a dire effect on the community and the value of our properties
