Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment: - Privacy Light and Noise

Comments: Dear Sirs,

My property and, in particular, the front and back gardens will be overlooked by the windows in the northern elevation of the development denying me my right to privacy and the quiet enjoyment of my bungalow and gardens. The privacy

afforded by my property and the fact that it is not overlooked by neighbours was one of the deciding and quiet unique factors for my buying Four Trees and it will directly affect my enjoyment of my property if I lose this privacy.

I wish that the current development as planned is amended to remove these windows on the north aspect.

I am extremely disappointed that I was not notified of this development and so unable to lodge an objection sooner as I only became aware of this potential development yesterday, 14th July 2026. To my knowledge there was no notification on nearby lamp posts and I did not receive a letter.

Yours truly,

Susan Quay
